Dear Hiring Manager,

I am writing to express my interest in becoming a Teacher Teaching on Call (TTOC) in SD73. I am currently completing my Bachelor of Education (Secondary) at Thompson Rivers University and am excited to begin supporting students and schools in a flexible, positive, and professional role.

I have a Bachelor of Arts in Mathematics from Thompson Rivers University and have recently completed my long practicum, where I taught Pre-Calculus 12, Physics 11, and Science 10 full-time. Through this experience, I developed strong classroom management, communication, and lesson delivery skills, while learning how to adapt instruction to meet different student needs. I also gained valuable experience in building respectful relationships with students and maintaining a calm, organized learning environment.

In addition to my teaching experience, I bring several years of work experience in customer service, front desk, retail, and seasonal labour positions. These roles strengthened my organization, adaptability, problem-solving, and interpersonal skills, all of which I believe are important for a successful TTOC. I am comfortable stepping into new environments, learning quickly, and contributing positively to a team.

I would welcome the opportunity to support your schools as a TTOC and contribute to a classroom environment where students feel encouraged, respected, and supported. Thank you for your time and consideration. I look forward to the opportunity to discuss my application further.

Sincerely,

Zak Heinzig
